NEWS

▪

Our respectful foreign Editor of Taiwania, as well as a great leadership of Palynologist, specifically for exine development, Prof. Dr. John Rowley had left us on 25 September 2010.

Our beloved former Editor of Taiwania, Prof. Yih-Ming Chen, Plant Physiologist had left us on 15 September 2010.

by their long time friends,
Tseng-Chieng Huang and Su-hwa Chen (2010.11.15)

▪ Changes of **Taiwania** Editorial Office

As of this first issue of 2011 several changes are made for **Taiwania**.
The Email address of Editorial Office has been changed, and from now the manuscripts should be submitted to taiwania@ntu.edu.tw. Dr. Su-Wei Fan has already taken over as the Managing Editor. There's no doubt her experience and knowledge of the life sciences will help her get that editing works running well.

Ms. Heng-Chao Liu is no longer working with us since January 1st, 2011. She had been with us for 11 years and made many significant improvements to our journal. While certainly entitled to a life of leisure, she will be sorely missed by all of us.
